

# Compare Leading Freight and Transport Management Systems (FMS & TMS)

## Vendor Feature Overview

The following tables are intended as a feature comparison guide between Cario and other leading FMS/TMS vendors. Note the very different features between a Freight Management System and Transport Management System. Cario, right now, is the only vendor that offers both within the same platform - meaning you can manage third party freight alongside your own fleet, all within a beautifully designed, intuitive cloud-based application.
